

Extra Credit (GRADE INSURANCE)

There is a limit of 20 extra credit points per quarter!

1. Extra credit options are available with most units we study. If you have a great idea---ask me! I'll always be willing to listen to your proposal. (1-10 pts.)
2. Read a book with your parents. You both read the same book, and then you lead a discussion with the questions I provide. You write down the answers, and come and share them with me. (up to 10 pts. - depends on the quality of your answers--- limit of one time per quarter)
3. Read the newspaper or a news magazine. Write three half-page summaries of three current news events. Each three-article assignment is worth 5 points for all three--- you turn in one piece of paper with 3 half-page summaries. (5 pts. - limit of two times per quarter)
4. If you attend a Stilwell play or a community program - bring in the program along with a written review of the activity, and I will give you 5 points.
5. Write an article for the Stilwell newspaper: they do need views from the sevvies! Let me "proof-read" it for you and I will turn it in and give you 5 extra credit points. (One time per quarter)
6. Find any of our vocabulary words in your free-reading books. Fill out a few things about the word (must be on the form I have available), and receive two points per word (maximum of 14 points a quarter).
